

DECLARATION OF A FIRE DANGER AREA AND FIRE DANGER PERIOD

The Executive Director of Bushfires NT, Department of Environment, Parks and Water Security, hereby gives notice that, under section 62(a) of the *Bushfires Management Act 2016* and with reference to section 63 of the Act, declare the period from **1 November 2023 to 1 December 2023** to be a fire danger period in the part of the Territory that lies south of the 14th parallel of South Latitude (approximately 20 kms south of Pine Creek)

The existing declaration between the 21st parallel of South Latitude to the NT border remains unchanged.

The major effect of this declaration is that, throughout the declared area, a permit to burn is required before any burning is conducted, and a person must not leave an area before thoroughly extinguishing any fire they have lit. There are substantial penalties for failing to comply with these requirements.
