

# DECLARATION OF A FIRE DANGER AREA AND FIRE DANGER PERIOD

The Executive Director of Bushfires NT, Department of Environment, Parks and Water Security, hereby gives notice that, under section 62(a) of the *Bushfires Management Act 2016* and with reference to section 63 of the Act, declare the period from **4 November 2022 to 31 December 2022**

to be a fire danger period in the part of the Territory that lies between the 19th parallel of South Latitude (approximately 60kms north of Tennant Creek) to the 14th parallel of South latitude (approximately 60kms north of Katherine). The existing declaration between the 19th parallel and the NT border remains unchanged.

The major effect of this declaration is that, throughout the declared area, a permit to burn is required before any burning is conducted, and a person must not leave an area before thoroughly extinguishing any fire they have lit. There are substantial penalties for failing to comply with these requirements.
